

CHULUOTA ROAD/CR 419 ROADWAY CONCEPTUAL ANALYSIS (RCA) FROM SR 50 TO LAKE PICKETT ROAD

ORANGE COUNTY MAYOR
JERRY L. DEMINGS

DISTRICT 5 COMMISSIONER
EMILY BONILLA

Issue #3 January 2023

LPA & BCC Public Hearings Scheduled

Orange County is moving forward with a Roadway Conceptual Analysis (RCA) Study for the planned widening of Chuluota Road from Colonial Drive (State Road 50) to Lake Pickett Road.

The recommended plan would provide four 11-foot-wide travel lanes separated by a 22-foot-wide raised, landscaped median along with two stormwater treatment ponds and two floodplain compensation ponds. The improved corridor would also have a 10-foot-wide shared-use path on one side of the road and a 6-foot-wide sidewalk on the other.

The sidewalk and multi-use path would be separated from the road by 4-foot-wide grassed buffers. The project would accommodate the future East Orange Trail on the east side of the road north of The Preserve at Cypress Lakes.

The RCA Study involves significant data collection, including current and future traffic volumes, current and future land use along the corridor, and right of way needs. The study also involves thorough environmental analysis to evaluate potential impacts to protected and endangered species, wetlands, or other natural resources.

The public will have two more opportunities to provide comments at upcoming **public hearings before the Orange Planning & Zoning Commission and Board of County Commissioners**. Details about the date, time and location of the hearings are listed below.
